

TLC LA JOLLA
3655 Nobel Drive | Suite 130 | La Jolla, CA 92122 | 1-888-370-3937

JIM OWEN, O.D., M.B.A.

Clinical Director, TLC Laser Eye Centers, La Jolla
Director of Professional Development for TLC Vision, Inc.

Dr. Owen is currently the Director of Professional Development for TLC Vision, Inc. and the Clinical Director for TLC La Jolla. He also serves on TLC's Clinical Director Advisory Group.

Prior to his association with TLC, Dr. Owen spent 10 years in private practice. This included providing primary eye care in a large multi-doctor ophthalmology practice.

Dr. Owen is a graduate of the Illinois College of Optometry and has a Masters in Business Administration from San Diego State University.

Developing and maintaining a network of affiliated optometrists in the community who provide pre-operative and post-operative care to patients undergoing laser vision correction is a commitment of Dr. Owen's.

Dr. Owen is a member of the American Optometric Association, California Optometric Association, American Society of Cataract and Refractive Surgeons and the International Society of Refractive Surgery.

Dr. Owen has experience with four different excimer lasers and three different wavefront analyzers. The La Jolla Center was the first laser center in California to use the Tracy Wavefront Analyzer. Dr. Owen lectures often on laser vision correction, glaucoma and other eye conditions.

The doctor also enjoys many outside interests including golf and endurance sports. Dr. Owen has competed in three Ironman triathlons. He is married with three children, Davis, Rylee and Noah.
