

# About Our Doctor

## **Carl J. Roth, O.D., F.A.A.O.**

Dr. Roth is the Clinical Director of TLC Billings. Prior to joining the team at TLC Billings in 2008, he was in private practice in Livingston, Montana where he focused on laser vision correction, ocular disease, specialty contact lenses, as well as primary care. Having had the LASIK procedure in 1999 provides Dr Roth with the unique opportunity to share his experience from a patient's perspective. Knowing that patients are comfortable communicating with him and that they arrive at decisions appropriate for their individual circumstances is one of the most rewarding aspects of his position. Dr. Roth shares our commitment to position TLC as the foremost provider of laser vision correction in the state of Montana.

### **Education/Training**

Dr. Roth completed his doctor of optometry from Pacific University in Forest Grove, Oregon in 1998. He then went on to a post-doctoral residency in hospital-based optometry and surgical co-management at the Jonathan Wainwright Memorial VA Medical Center and Pacific Cataract and Laser Institute. Educating patients and advocating quality patient care is at the core of his clinical principles.

### **Memberships/Affiliations**

Dr. Roth is a member of the American Optometric Association and a Fellow of the American Academy of Optometry. He has served on the board of the Montana Optometric Association and participated in several humanitarian missions with Volunteer Optometrists Serving Humanity.
