

# About Our Doctor

## **Anthony Economou, D.O.**

Anthony Economou, D.O. is the medical director for TLC Tulsa. Dr. Economou specializes in refractive procedures with an emphasis in Laser Vision Surgery and the medical and surgical management of glaucoma. Having chosen LASIK for his own eyes, Dr. Economou is uniquely qualified to best answer patient questions from not only a surgeon's perspective but from a patient perspective as well.

### **Education**

Dr. Economou has the unique distinction of being both a Doctor of Optometry and a Doctor of Medicine and Surgery. Following his graduation from Northeastern State University College of Optometry in 1986, he continued his education at Oklahoma State University College of Osteopathic Medicine and Surgery where he received his medical degree in 1992. Upon completion of his residency training in Ophthalmology, he pursued specialized fellowship training in Albany, NY. Dr. Economou continued to pursue extensive training in the latest surgical technology specializing in both refractive surgery and glaucoma at such renowned institutions as Stanford University Medical Center, the Clinical Sciences Center of Michigan State University, and TLC Laser Eye Centers under Jeff Machat, M.D.

### **Memberships/Accomplishments**

As a Board Certified Ophthalmologist and a fellow of the American Academy of Ophthalmology, Oklahoma Academy of Ophthalmology, American Osteopathic Ophthalmology Association and the American Society of Cataract & Refractive Surgery, Dr. Economou has established an excellent surgical reputation in the laser surgical correction of refractive errors. He is an adjunct Clinical Professor of Ophthalmology, frequent guest lecturer and has authored numerous textbooks on Ophthalmology.
